ALASKA REFERENCES & TESTIMONIALS

The following former clients have volunteered to serve as references for us.

"Hi Geoff! I tell you what, it's been a week now and I still smile every time I think about our vacation. Rhett and I both had the most amazing time and fell in love with Alaska. Your tour is arranged perfectly, but by far Wrangell-St. Elias is the best stop. The McCarthy-Kennicott area is spectacular. But most of all, I wanted to let you know how much we loved Brad and Jen as tour guides. They are what made the trip complete. The knowledge they both have plus their obvious passion about the area and what they do was just amazing, everybody in the group just clicked with them both immediately. Also honestly, being a female myself who typically only finds guys who want to hike and bike with me, I think it's great to find you use female tour guides like Jen, she totally rocked.

"If I ever hear of somebody thinking about a trip to Alaska, I will definitely recommend your company. Take care! Amy"
--Amy Ziemba, Las Vegas, NV; ajziemba@yahoo.com; *Alaska Explorer*, 2009

"Hi, Geoff! I just wanted to take the time to thank you and the crew (Marci and Jed) for an amazing time on the Alaska Explorer trip we just finished up earlier this week. I am still on a high! I can't even tell you what an unbelievable time we all had, largely in part to Marci and Jed. They were absolutely wonderful!... They were so fun and accommodating, but also really organized and knowledgeable. They were both so considerate of everyone's needs and comfort/safety. And the food! I expected to lose 10 pounds on this trip but we were fed so well! Marci and Jed were both great cooks, and so accommodating of the few in our party who had specific food preferences.

"The tour itself was designed really well, and I feel like I got to see and do everything I set out to see and do in such a tight amount of time. I would love to have stayed weeks longer! But the time we did spend was so well spent. It seems we were really lucky on our trip in all the wildlife we spotted, the unbelievable weather, and the spectacular Northern Lights we saw twice! Very lucky indeed. The rafting, ice climbing, and kayaking ...were unforgettable. I just had so much fun! I was hesitant to do the camping tour at first but now I can't imagine having done Alaska any other way. I really had the time of my life! I'd love to see you guys expand your trip options; I would take every vacation going forward with you guys if it's possible! Marci mentioned a new Baja trip and I'll be on the lookout for that one for sure.

"Thanks again for providing such fantastic service. It really made this trip one of the best vacations I've ever had! You have an outstanding team of people and a wonderful business. I will recommend you to anyone and everyone!

Thanks for everything!"—Deborah Joa, Pasadena, California; deborahjoa@gmail.com; *Alaska Explorer*

"Hi Geoff, I just want to let you know how much Ann and I enjoyed our recent tour with Dave K. Dave is a great guy and we got to know and like him quickly. He did a great job and was the perfect combination of chauffeur, cook and guide. Everything was organized and well-planned, but with flexibility for us to change if we wanted. He definitely was the reason we had as much fun as we did. Count on us to recommend Get Up & Go Tours to our friends! With best regards, Les Davis,"
--Les & Ann Davis, North Carolina; *Alaska Explorer*, 2009

"Hi Geoff!! We just want to let you know, that we had a wonderful time in Alaska, on the Arctic Explorer tour and Alaska Explorer tour. And Beth is a fantastic guide, she really did a great job, and we were very happy to have her as a guide on both tours.

"You may add my name and email to the clients list!! And I really hope it wasn't our last visit in Alaska, there are many places we haven't seen, and several places we want to visit once more. Best regards,"

“Dear Geoff and (guide) Max, A trip from heaven...the Alaska Explorer tour was so well planned, offered non-stop activity with lots of variety, served amazing meals, offered sweet camping facilities, and added personal touches that made us feel like family. Max, thank you for being a kind and caring human willing to share your enthusiasm of nature's beauty with us. You are great at your job! And, Geoff, I felt a genuine compassion when taking to you by phone or email; you made it comfortable for me to step out on my own. I sensed that you took pride in your company and tours. Now I understand that to be true. "Get up and Go" has and will be recommended to all that inquire about my trip. I hope to do another in the future.

Warmest regards, Jacque. PS: I'd be glad to have my name and email added to the (reference) list. Get Up & Go! made a lasting impression.” --**Jacque Magner**; Newport Beach, California; magnerj@comcast.net; *Alaska Explorer*, 2009

“Dear Geoff - Now that we're back I wanted to write to let you know how much my daughter and I enjoyed our trip - the Family Explorer trip a couple of weeks ago. I especially wanted to communicate how wonderful Dave and Kitty/Amanda were. They are amazingly good at what they do - they were incredibly well organized, made us all feel welcomed and cared for and known as individuals, were willing to share their expertise and some of themselves with us, and seemed to be enjoying themselves in the process. Their work - and who they are as people - really made the trip for us. Alaska is an amazing place - we appreciate the work you and the guides did to help us experience a part of it. I've already recommended Get Up & Go to others and will continue to do so. Thanks to all of you...”

“What a trip! We were awed, challenged, tired, etc.. Brad & Jen did a great job....how do they always keep such a sunny disposition? They really took care of all of us, even though we were a very diverse group. Thanks Geoff. I will send photos when I get them ready. Just got home today. Thanks too for the recommendation of the train to Seward. That was the cherry on the cake.” --**Kay & Ron Klausewitz**, Wisconsin; kklause@hotmail.com; *Alaska Explorer*, 2009

“We had a BLAST !!!! I want to thank you and your guides, Dave and Max for a trip of a lifetime !!! The kids keep talking about their experience. (Guide) Dave is a great cook! I was supposed to lose weight on this trip not gain. The kids really related to (guide) Max. Dave and Max were wonderful for our mixture of personalities.

I am putting together a DVD on promoting Venture Scouts and our Alaska trip. I would like to include Get Up and Go Tours as a resource. Hopefully this will bring you future business.... Thanks for a wonderful time, Barb”

“Geoff, I wanted to take this time to thank you for the most wonderful and memorable trip I have ever had. Mike and I were hoping that it would be all we wanted, and it turned out to be more. I think this had to do with Brad!!! He is amazing. He is personable, knowledgeable about the land we traveled through and so much fun. Brad taught us so much about Alaska and life lived simply. He put up with the two loud New Yorkers and did it with amazing style. I don't think that my trip would have been what it was without Brad. I cried when I left and missed the group when I was on my cruise. The rest of my trip could not compare to any point of the 10 days we were with Brad. I think we can be a bit critical sometimes, and I have nothing bad to say about Brad. He is such an asset to your company. I have already told some people that were looking to go out to Alaska next year to book with you guys and try to get Brad as their guide.

“Thanks again for all your patience with me as I was booking the trip and thank you for giving us Brad as our Guide. We will be back to see more of Alaska and we will make sure to book with your company

“Best wishes for a healthy and happy lifetime!

“Hi, Jeff, I was in the last Alaska Explorer tour. I just want to say that your company is the best. We saw more then we expected. Our guides Dave and Max were just perfect. I really enjoyed everything and will recommend your company to every person who wants to visit this amazing part of the world. “So it's been a couple of weeks now that I have been back from my Mountains and Glaciers tour with Dave and Max. I just wanted to let you know your tour exceeded all my expectations. I had never done an organized tour before and had serious reservations, but you guys pulled everything off in spades. Great activities, guides, food, etc. The group was terrific and I had such a great time. Even as a solo traveler, I never felt alone or awkward on this terrific trip. I'd do it again in a heartbeat (and just might!). I wish your company the best of success and hope to see you again in the future. Sincerely,” --Steve North, Olympia, WA, shn72@comcast.net; **Mountains and Glaciers**

“Superlatives are the only way I can describe our Get Up & Go tour. It was terrific from start to finish. I loved every minute of it. Just the vastness was astounding. Superlatives apply to (our guide) Amanda as well. She's a great guide, great cook, and so much fun to be with. It was hard to say good-bye. Her decorative touches at each meal's table made us feel special.

“I'm dreaming of another trip. Thanks again,” --Shirley Templeton, Illinois; set229@sbcglobal.net; **Alaska Explorer**

“Hi Geoff, Just wanted to write and tell you what an absolutely amazing time I had on the Get Up and Go AK tour with Marci and Jed. The song ‘I've Had the Time of My Life’ would be a pretty accurate description. I am not sure how you pick the people in the groups, but our group was phenomenal. Everyone was great. Marci and Jed were awesome. We had so many laughs. Food was wonderful...scenery was excellent. Everyone had a lot of knowledge about Alaska and its history. I definitely would do this again. Thanks so much... give Marci and Jed my best.

–June Lighty, Okeechobee, FL; gjlighty@yahoo.com; Alaska Explorer

“Geoff, we just wanted to let you know what a great time we had on our tour last week. Marci and Beth were top notch, and the best guides we could have asked for. They were extremely informative, fun and terrific cooks! We ended up with the best group of people ever and by the end of the trip we were all friends.

“When we first started planning the vacation we were going to do the lodge based tour, but you talked us into doing the camp (and cabin) based instead. We are so thankful to you for that. It was the best decision we could have made. Having very little camping experience didn't make a bit of difference. We saw parts of Alaska that few people will ever have the chance to see. Now that we're home... we realize how fortunate we were to have had the true Alaskan experience. Regards,”

–Mike & Sue Morency, Cincinnati, Ohio; jazzysuem@yahoo.com; Alaska Explorer

“Geoff: We wanted to take a quick moment to say THANKS for offering/organizing a trip-of-a-lifetime experience. We had an absolutely fantastic journey on the ALASKA RANGER tour with Amanda. In only our first week back, we've already made recommendations to friends/co-workers to take a trip to AK w/ Get Up & Go.

As our inaugural trip to AK we were simply awestruck by its vast beauty. We found that just one week in AK was not enough for us. As a result, we are seriously considering Amanda's recommendation to see the Wrangell-St. Elias area by which the MOUNTAINS & GLACIERS tour sounds exciting to us.

Please keep us informed about your schedule, particularly with respect to the MOUNTAINS & GLACIERS tour. We are looking forward to working on our travel plans come September. In the meantime, we have our photo journal from this year's tour to relish. Thanks again.” --Jeff and Betsy Rivas, St. Louis, MI, jeffandbetsy@charter.net; **Alaska Ranger**

“All positive comments from this customer! I had an incredible time and already look forward to my next trip up there, whenever that ends up being, hopefully soon!

“Everything about the trip was great... The sights, the planned activities, the camping equipment, the FOOD! Everything was well thought out, planned, and executed. Dave showed us what "luxury" camping was all about. He certainly knows his stuff and knew a lot about Alaska and the areas we visited. He was great at making me feel like I was getting the most out of the short time I was there.... (and) gave us the flexibility to adjust our activities as we wanted.... The camp then cabin order of the tour was nice, too... the beautiful lodge was a nice finish.

“I've fallen in love with Alaska and I have your tour to thank. I certainly will make Get Up and Go! Tours my first shopping stop when I plan my next trip. Thanks again” --Paola Hayes, San Diego: PaolaAtTheBeach@yahoo.com; **Alaska Ranger**

“Geoff, I have been back from the Alaska Explorer trip for a few days now and am still on an Alaskan high. I wanted to let you know that it was wonderful from start to finish. Marci was the ultimate tour guide and became the foundation of the trip with her knowledge, strength, competence and confidence, and the icing on the cake with her sense of fun, her humor and genuineness. “Hi Geoff, I have been back home for a week after my Alaska Explorer and Kenai Explorer trips; a quick word to tell you about the great job your guides are doing; thank you to have made my experience in Alaska so wonderful: the choice of camp sites, the food cooked by the guides, the amazing activities we experienced along the trips. Thanks again,”

“I just returned from my Alaska trip and wanted to write you to tell you what a great time I had. Alaska is beautiful and the itinerary was excellent. We were always busy doing something (if we wanted to be), and every day was another adventure.

“The trip more than fulfilled my expectations. We had a good group, with varied backgrounds, abilities, and perspectives. Tying it all together to perfection were the guides - Marci and Suzie - who were accepting, open, fun-loving, talented, energetic, and intelligent. They also complemented each other very well. We had some exceptional meals, thanks to their culinary talents. Equally important, we received an excellent sense of the land and its history, the local people and their stories, the animals and their habits, and the overwhelming beauty of the place itself. Thanks so much for making all this possible. And be good to Marci and Suzie. They are gems.”—Rich Saad, Maryland; rich.saad@verizon.net; Alaska Explorer

“Thanks for a great tour! I don't think the 12 people on the tour could have been a better group of people. Marci and Jed far exceeded my expectations with their great food, wonderful senses of humor, and amazing ability to make every activity better just by being there. Seeing 6 moose, 12 grizzly bears, 4 river otters, 6 beavers, 10 caribou, a couple dozen bald eagles, 5 seals, hundreds of salmon, a dozen sea otters was incredible. The lunar eclipse, huge Northern lights show, and perfect weather did not hurt either. I hope Marci is around for a couple more seasons because I want to go on the Kenai trip and now my brother wants to go on the Arctic trip with me.”

“I just wanted to let you know how lucky you are to have 2 amazing guides working for you... I had an amazing time. It was perfect. Marci and Jed showed us their Alaska and it felt like it was so personal and they were letting us in to see a piece of them. The food was over the top great... They handled everything with such professionalism. It was such a wonderful time. I am so thankful to have met Marci and to have been able to see why she loves Alaska. I can't say enough about all the planning and stops along the way that made this such an unforgettable trip. I have been telling every one about it...”

“Dear Geoff: I want to convey to you my complete satisfaction with the Get Up and Go! tour my son and I just returned from last week. The trip was fabulous--very well planned and brilliantly executed. Marcy and Amanda were superb guides, always flexible, well informed, inexhaustible, upbeat, helpful, and just plain fun to be with. Virtually every aspect of the tour exceeded my expectations--especially the meals. Prior to the trip I was braced for MREs or Mac 'n Cheese. Instead we had fresh salmon, halibut, fajitas, enchiladas, lasagna, steak, et al. They really did a marvelous job with the meals--and with every other detail of the trip.

“We will come again to Alaska, and when we do we will book again with you. But we will insist on Marcy and Amanda. Thanks for a great tour. Sincerely, Carl Smith”—Carl Smith, Alexandria Virginia; CMSmith88@aol.com; Alaska Explorer

“Geoff: Well, unfortunately, we are home in NC where the temp will reach 98 today with about 98% humidity, and we miss Alaska already. We had the BEST time. Amanda (Kitty) and Suzie are professional, knowledgeable, organized, responsible, entertaining, fun, motivating, and overall, AWESOME women, and we are thrilled to have had the chance to get to know both of them. If they haven't told you already, this group of people jelled from moment #one...and I give Kitty the kudos for setting the tone.... We had phenomenal weather...we saw Denali 4 out of a possible 6 days that we were in the area to see "The Great One". We checked off almost every animal on the Alaska list (no lynx or wolf...just wolf and baby wolf tracks), I ID'd wildflowers, we ate raspberries, and we ate great meals. Oh, did I mention the awesome hikes,... the great rafting, canoeing

with the beavers, sandpipers, and moose, ice climbing on an incredible day into a moulin, sea kayaking with sea otters, kittiwakes, gulls and a calving ice cave, snowball fight on a glacier ice field, and we were lucky to have only one day of rain. What mosquitoes? I can honestly say I came back with zero bites. But, we did see lots of bears from a respectable distance, so, one still had to be aware of their environment! Overall, we're concerned that we may not be able to one-better this trip. So, in case you misunderstood this little note, we were more than pleased with this trip and will be waiting your next offerings! Thanks for everything. "Hi! I just returned from an amazing Explorer trip with Marci and Amanda. This was definitely the best vacation I have ever taken! Alaska was so completely different from anything that I have ever been exposed to. The whole trip was so well planned out, but Amanda and Marci didn't make it feel like a regular touristy trip to all the Alaska highlight spots. They are so knowledgeable and fun to be around, plus the food was great! My favorite part was either the whitewater rafting or the ice-climbing. Amanda and Marci were great guides, and I would love to go on another trip with either one of them again in the future! I'm going to recommend this trip to everyone that I know that loves the outdoors because I had such a great time.

Thanks for a great experience! --Hilary Blum; Harrington Park, New Jersey; hg.blum@gmail.com; *Alaska Explorer*

"Geoff, Kathy and I had a great time. The state of Alaska has much to offer and the Explorer Tour was a helpful way for us to learn about several areas of the state. All aspects of the tour, met or exceeded expectations. A special thanks to the guides, Dave and Max. We will certainly recommend Get And Go Tours to others with the requisite interests.

Hi Geoff, I wanted to send you a quick email to comment on my recent Mountains & Glaciers trip. This was my 2nd time doing the exact same tour....the last trip being three summers ago, of note that was a great trip...hence the repeat client.

My most recent trip with Marci as my guide....EXCELLENT!!!! She blew me away with her knowledge, patience, kindness, humor and best of all her cooking skills!! I felt as though she gave 200% of herself to her clients and I was personally very impressed. She was always willing to do whatever it took to please us...very flexible. She told us this was her first year as a guide with you...she is definitely a keeper! "Hi Geoff, I just wanted to let you know what a wonderful trip we had with Get Up and Go Tours! The trip was awesome, Marci was the best, and everything worked out just as planned and hoped for (even better!). Our travelling companions were great, the kids all got along very well and it was an experience none of us will soon forget!

"Really, I just can't say enough about how smoothly everything went, from the campsites to the equipment, to the food, to Marci's activity suggestions and ability to make all the arrangements for us (sometimes on short notice!), to keeping her cool when trying to keep to some sort of a time schedule with 5 kids and 4 parents in tow! Thank you so much for everything. "Dear Geoff, We had a wonderful and adventurous trip to Alaska. Thank you so much for assigning (guide) Amanda A. to us. Never could we have had a more fun, creative, and professional guide. We truly enjoyed her. She has the perfect personality for her job and she represents Get Up and Go! perfectly. She was informative... she just fit in with our crowd of ten beautifully. We appreciate her and are fully aware that Amanda enhanced our experience of Alaska.

"The itinerary was great—just our speed. You did a marvelous job setting things up for us. Thank you!

"The Alaskan Railroad was great too. We are so glad that we made arrangements thru Get Up and Go Tours—as we know how doing otherwise could have made or broken our trip.

"So Geoff, we will recommend your company to other friends from Oregon and beyond. Friends are already asking!

"Thank you again! Give our best to Amanda. Sincerely, Kathy & Bill Block (John and Matt too)."

"Dear Geoff, I just got back from my 10-day (Alaska Explorer) trip with Marci and Jed last night. It was amazing! They were fantastic guides – they were informative, stopped and explained things we thought were interesting..., and went above and beyond to keep us campers happy! The food was 'gourmet'! It was better than I eat at home ;) I saw Alaska in a way that I would not have been able to without Get Up & Go. The trip was worth every penny. The views were spectacular and my experiences phenomenal. I was able to see Denali up close and personal, went ice climbing, saw a grizzly eating a fish, saw old copper mines, went kayaking amongst icebergs, amongst all the other activities! I came back to my tent or cabin every night, exhausted from the days activities, but very much looking forward to the next day. I figured I would need to schedule a massage with my massage therapist when I get back home, but I feel good. The physical activity was challenging but very rewarding! I will recommend Get Up and Go! to anyone I know who is headed to Alaska :)"

“Hi Geoff, I just wanted to let you know that we had a great time on our tour. It was even better than I had hoped, and I’m sad it has to end. We really liked (our guides) Brad and Joanna, and they did a fantastic job. We were particularly impressed by how well you guys handled Melissa’s dietary needs. The food was really good and there was plenty to eat. Thank you for being on top of it. We had great guides and a great group, and we’re going to miss everyone! I’m really glad we went with your company, and on the whole I would grade the trip an A.”

“Geoff, Thank you for making my dream of getting to the REAL Alaska come true. ...One goal was visiting a small village with NO tour busses and I so enjoyed visiting with the folks in McCarthy.... I enjoyed the canoeing, rafting and kayaking with the calving glacier and the nesting gulls! Best of all was enabling my buddy (my grandson) to experience it all.... (Our guide) Ian was the greatest asset of the entire trip. What skill and knowledge! And his food selection and preparation far exceeded my expectations. I would like to adopt him as a grandson!

“Your leadership in Get Up and Go excels. Much success in the future. And thank Ian again for me.”

(Our guide) Kitty (aka Amanda) was great, she kept us all informed... and made the trip that much more enjoyable, and made me want to stay on and see more of Alaska. What I saw of Alaska was so impressive and gave us all many OMG moments. Thanks... “Hi Geoff (now known as ‘Mr. Go’), Our group had a fabulous time. We are mostly hikers and really enjoyed the hiking opportunities. The other favorites were the glacier trek and the rafting. Three of our group were able to take advantage of the flightseeing, which they really loved. The lodge on the last day was perfect. The accommodations and the food were great. Their meals were excellent. The campgrounds were more than we expected. Like I said, we had a wonderful time and (are looking forward to another) trip for Bayou City Outdoors in 2009, (maybe) Kenai Explorer.”

“Geoff, I was on the Alaska Explorer lodge tour with Kitty (Amanda) as our guide. First of all let me tell you that she made the tour a very fun experience. Be sure to keep that girl around. Her lunches were fabulous and nutritious. It was amazing what she could put together for twelve people. I can’t imagine the trip being as fun without her. She made everybody feel very comfortable doing some of the things none of us have ever tried. This was a trip of many firsts for me as well as my sister, but Kitty did a great job of instilling confidence that we could do all of it. The only regret I have is that it is over already! Dear Geoff, I'm writing to thank you and my guides for a wonderful trip last week on the Kenai Peninsula. The trip's guides, Matt & Tiffany, were what made my trip as wonderful as it was. They are warm and very professional individuals who took excellent care of the group. Tiffany is a creative genius with a Dutch oven and a real inspiration; I've been on trips like this before and never had a woman guide, least of all one as athletic and adventurous as her. Matt is quiet, pragmatic and like the bedrock of the group. I think the group as a whole deeply appreciated them. Thanks for a great trip. Best, Amritha”

"I don't typically do this following a trip, but this trip was so sensational I really need to let you know. Tim and I were beyond satisfied with the great itinerary, optional opportunities, and terrific planning for our 10 days in Alaska. We lucked out with the weather, and with our fellow travelers, but we felt really blessed to have Tiffany as our guide. What a hoot!! Not only was she so organized, competent, and informative, but her energy and enthusiasm were contagious. When the group went out for dinner on Sat. after we got back to Anchorage, it just wasn't the same without her :(Thanks for offering such a great way to see Alaska and having the good sense to pick such a great guide. *"Geoff: I have been meaning to drop you a quick note since we returned from our Alaska Ranger tour that ended on September 4th so that I could convey how much I (and all of my friends) enjoyed this trip. Alaska is a magical place -- extraordinary in so many ways: the scenery, the wildlife, the people, THE CLEAN AIR (very important to this Southern Californian), etc. I am confident that everyone that was on my tour left AK feeling much the same way, and that we all really appreciated the work that **Get Up And Go!** obviously put into planning this trip.*

I am also confident that everyone in my tour-group shares my sentiments when say that Matt Kandrick is a tour-guide par excellence, and that our trip would not have been half as successful without his efforts. Matt's enthusiasm and upbeat demeanor are infectious and seem always to be on display. It is an honor to have been a part of his last tour of the year.

Finally, you should know that I have been talking up your touring company quite a bit since my return to LA, so don't be surprised if you see a small uptick in the number of clients you get from this region next season. In the same vein, please feel free to use my name as a reference for prospective customers who have any questions, and also to give them my e-mail address or phone number (323-850-7387). I'd be glad to share my experience with anyone contemplating going on this trip in the future.

Take care, thank you, and hope to see you again!"--Bryan Bourbin, Los Angeles: bbourb@pacbell.net; *Alaska Ranger*

"The trip and Alaska will be memorable! All aspects of the trip were well-organized and fun, with flexibility added in (to respond to different fitness levels, energy and interests!). I was especially pleased at the capacity to address the dietary needs of the vegetarians in the group, and especially welcomed the diversity of landscapes and lodging environments. All of our guides on our multi-sport adventures were superb!

“Geoff, Ketaki and I ... wanted to take a moment to thank you and your company for a WONDERFUL trip. I have been on many trips in the past, in fact I guided trips in college and have seen quite a variety of guides, itineraries and planning. Tiffany did a superb job. There is no way to give adequately sum up her energy, enthusiasm, love of Alaska and the outdoors but she made the trip for all of us. The group dynamic, weather, day trips, hikes, food and good times will stay with both of us for a long, long time. We look forward to our next visit up north and hope that we can do a trip with you all in the future. Highlights of the trip, for us, were of course Denali, kayaking and wildlife but we were especially captivated by McCarthy and its residents. Now that is a part of real Alaska that most people never get to appreciate.... Thanks again for a fantastic 10 days and the adventure of a lifetime.” --**Hemant & Ketaki Vankawala**, El Paso, Texas: hemantv@yahoo.com; **Alaska Explorer**

“Hi Geoff, Recently returned from the (Alaska Ranger) tour, led by Dave and Matthew. I don't know where to begin. Dave and Matthew were great! Make sure to put them down for a pay raise! From their knowledge of the land, to their cooking skills to their friendship, I don't think we could have two better people. Up before everyone, last to turn in, never a negative, always a smile, good with the jokes, really open people. You got two great people there. When I come back, I hope they're still with you because I want to be in their group.

“As you know, the weather was perfect when we were there. I was actually getting tired of seeing Denali! Just joking. Before we left, I wasn't sure about the Tangle Lakes area. I just couldn't find any info on them. Was I surprised! The hikes were very rewarding, the raft trip was a gas, the plane ride around Denali was awesome, Carlo Creek was one excellent campground, the mosquitoes were bearable, the 24 hrs of light unbelievable, the van rides were good, the group really hit it off well.

“It's still hard to put my feelings into words. Just know my son and I had the greatest vacation ever! Your company did an excellent job, thanks in no small part to Dave and Matt. “Dear Geoff, Just wanted to send you a note to tell you how fantastic our Alaskan trip was. You did a superb job of planning a non-stop week of Alaskan activities. From the hikes to the kayak trip, you provided a well-planned and diversified schedule that kept us moving at a comfortable pace. The accommodations you booked were terrific. The meals also worked out very well. All of this reflects the mechanics of the trip. But what made our trip such a huge success was our guide, Dave. Right from the start, he assumed a take charge attitude, without taking over. He knew our schedule and always told us exactly what to expect and what we'd need for each activity. He kept us moving on schedule and made sure we knew where to sit on the bus or boat for the best views. He was extremely well-informed about Alaska and was eager to share everything he knew about the land, glaciers, roads, forests, bears, etc with us. He never ran out of interesting tidbits. He couldn't have been more accommodating. Dave bought food for our lunches based on what we asked for and went out of his way to get us what we wanted. I cannot imagine what more he could have done. **Get Up & Go** has provided us with an Alaskan experience that will remain with us forever.

Thank you again for a great trip and an experience that we will all remember for a long time.”

“Dear Geoffrey, My family and I recently returned from the Kenai Explorer trip. I just wanted to let you know what a wonderful time we had. Alaska is a beautiful, indescribable place to visit. Our trip would have been an amazing one just by being there. But what I wanted to let you know is that our guides, Matthew and Dusty, really made the experience special. Their attention to the needs of everyone, their concern that everybody had a good and safe time, their wonderful attitudes, all made the trip unforgettable. My two kids came along and Matthew and Dusty were great with them too. Both guides worked so well together and really seemed to enjoy their job a great deal. I can't thank them enough. I will definitely recommend your company to my friends and direct them to your web site. If you have any brochures you can send me, I would love to show them to people.

Secondly, I wanted to tell you that I really appreciated all that your guides did for us. Matt and Tiffany really worked well together as a team. They were always conscious of our needs and both were full of knowledge and facts about Alaska. I credit my amazing experience, to their professionalism, skills and definitely, their personalities! "Hi Geoff, Well, everyone in San Diego now thinks I work for Get Up and Go! Tours, because I just cannot stop talking about the incredible experience I just had on my trip with you! Incredible! Everything was well beyond my expectations. I just cannot shut up: it's great! I felt like a kid again out there, in the wild, without cell phones or computers or the modern world, **enjoying life!**"

"Hi Geoff, My husband David and I just returned from the Alaska Explorer Lodge trip run by Matt. We just wanted to let you know that our trip was a total success and we enjoyed it very much. Matt is personable, knowledgeable and a delight. His enthusiasm is contagious and he was very detailed oriented which helped our trip to run smoothly. We were very impressed with the outfitters that you have chosen to run the "extra curricular" activities which for us included, river rafting, the flight from Chitina to McCarthy, the glacier walking and ice climbing and finally the sea kayaking. The accommodations were more than adequate and we particularly enjoyed Ma Johnson's in McCarthy (the McCarthy Lodge), which was my favorite.

"We wish you continued success in your endeavors. You run a wonderful company and the people that you choose to represent you during the trips are truly well-chosen. We are now in love with Alaska and hope to return again some time in the future. You are welcome to use us for your reference list. We may see a kayak trip in our future so keep up the good work! Sincerely, Emily Davison" --Emily & David Davison; Guilford, CT: emcooks@yahoo.com *Alaska Explorer Lodge*

"Geoff, the trip was awesome and I am pretty sure we wouldn't have changed anything for the things we did and the places we stayed. It was beyond our expectations. Shaun did a great job and he was a perfect match for our family. You did a phenomenal job in setting up the trip. It was the best vacation we have ever had since we started doing our family adventure vacations with our kids. I would highly recommend it to anybody and you are welcome to use as a reference.

"Alaska in itself is awesome and breathtaking. Everything from the sky, mountains, glaciers, and water is incredible. Probably the highlight was the Glaciers in Seward. Particularly the glacier cruise we took. All the places we stayed and the people who you work with at the different activities/hotels were excellent. Thank you so much. "

"Hello Geoff! I had a wonderful time on the trip to Alaska. Despite my young years I consider myself a seasoned traveler, and that vacation was definitely one of the best. I trust I will have the opportunity to visit Alaska again, and I will most definitely use your outfit! Not only was I astounded by the scenery, I was dazzled by the knowledge, energy, and dedication of your guides, as well as the destination selections. I will make sure to recommend your company to other friends and colleagues headed to Alaska. Also, I wanted to let you know that Dave and Matthew were our guides and definitely added to the overall experience. Their enthusiasm, knowledge and love for Alaska was infectious. The hard work, preparation and planning that you put into the trip was just magnificent, congratulations. "We spent 10 unforgettable days on the Alaska Explorer, Camp & Cabin tour. The landscape was breathtaking and our guides were very good. Our highlights were the kayaking trip in Valdez to the glacier as well as the trip into Denali N.P. where we saw a lot of wildlife. The whole trip was awesome and we hope to go back one day. I heard from Barbara that she liked the Kenai Explorer tour she took after our trip very much, and that she saw a lot of wildlife like bears, whales etc. So that would be a trip I could imagine doing next time. In the meantime, I'm glad I can recommend your tours as I know that people will have great guides and very well organised trips. Thank you!"

the trips. Then it was something in your voice (probably energy and true enthusiasm) that persuaded me to choose your company. Then we met Matt, Tiffany and the group.

"Before going into the details about our trip, I would like to let you know that we are pretty experienced hikers (and have) traveled with different companies domestically and abroad. Geoff, you are deserving a very high mark for the way you are managing the company, selecting your guides and hiking trails.

"Though we went on a cruise to Alaska about 7 years ago, we fell in love with it after this trip with you. We believe that it happened not only because of the beauty of the mountains and glaciers but because of Matt and Tiffany. They are intelligent young people who were sharing their devotion to Alaska with us. We saw that it was not easy to deal with all additional optional activities and kept the regular hiking schedule to please all group members, however Matt and Tiffany managed it perfectly well. Finally, we started to believe that they arranged somehow (?) the gorgeous weather for us.

Probably the only negative thing that can be mentioned that I gained a few extra pounds due to delicious meals they were serving every day of our trip. Thank you Geoff! You and your people are doing a very professional job. Good luck and all the best." --Bella & Ilya Fishman, California: bella.fishman@varianinc.com. **Mountains & Glaciers**

"Hi Geoff. We wanted to let you know how well we fared on our two weeks in Alaska. For a couple of old folks, we tried almost everything, and Matt, Matthew and Tiffany gave us a perfect balance of encouragement, judgment, and assurance that yes, we could do this, and maybe a little more, too. So we camped, hiked (not as fast and not as far as the 20-40 somethings), rafted, kayaked, rode, glacier walked and had a fantastic time. Congratulations on having a great tour setup, really wonderful guides, and a perfect list of what to bring--it sure worked for us. We'll be glad to have you refer anyone to us -- especially someone who wonders if they are "fit enough" to do this! And by the way, Joe gained five pounds on the wonderful food, and because I wanted to, I lost two pounds (just by asking for a less generous portion -- and I still ate the deserts)! We called our daughter, Evelyn (who traveled with GG! previously and recommended the trip to her parents), from Valdez just to say 'Thanks!' for telling us you could make this work for us. Lois and Joe Kofler, the 60-somethings from North Carolina."--Joe & Lois Kofler, NC: jlkofler@brinet.com; **Kenai Explorer** and **Mountains & Glaciers**

"I would like to thank you and our tour Guide Dave for a truly remarkable holiday. We had a tremendous time and have been very impressed by the efficiency and professional approach by your organisation. Dave looked after the two families extremely well. The 4 adults are now tempted to come back for a trip in Wrangle St Elias..... We would definitely recommend get up and go tours to others. With best wishes, The Wilkie Family."

"Hi Geoff, We'd like you to know that we usually travel alone and had some hesitation joining a relatively large group. We also looked at many travel options, including traveling (on our own) by RV/staying at lodges/cruises/ etc. After experiencing your land tour we can say that we made the right decision. We really had an excellent time, and we feel like we got a good taste of Alaska....

"Both of us thought our guides Matt and Tiffany did an excellent job. They complimented each other well, and worked well together. They had good answers to all of our questions, were flexible to our needs and the others, and handled difficult situations with certain other members of the group in a very mature manner. They simply made us feel welcome from the beginning of the trip till the end, and we think they were a big part of why we enjoyed the tour as much as we did.

"We hope that all of your endeavors are as successful as your tour business. Best of Luck. Bill and Carol"

"You cannot go wrong with Get Up and Go Tours! My husband and I are semi-outdoorsy type people; we like being outdoors during the day and also enjoy our comforts at night...surprisingly though, camping was great. We sat around the fire at night with our newly made friends and enjoyed stories while watching for the Aurora Borealis. Our guide Geoff prepared some unbelievable campside meals. We made some life-long friends through this trip, bonding over the mealtimes, and during the outdoor activities. And we didn't even go (on the trip) to meet people...that ended up being an unexpected bonus!

You will hit all of the hot spots without alot of crowds...The driving time was minimal and was very interesting thanks to stops at scenic locations for lunch and short day hikes. (Our guide was) an excellent manager of people and seemed to know where his clients wanted to hike, what they wanted to eat and when they needed a break! Our group actually went to an end of the

year party with the locals in the very small and remote town of Kennicott, AK. It was great fun! You will see plenty of wildlife. Go whitewater rafting as well as on a glacier hike. This was my favorite activity. We hiked to the top of the glacier and a sled dog greeted us with enthusiasm...I was fascinated because we had no idea where he came from! ...

"Dear Geoff, YES, I'd be happy to be a reference. Any of these gems you want to use in any advertising or notices, etc. is fine with me. And for elaboration, people can email me and I'll respond quickly. Geoff is/has/does:

- "Alert to each individual's needs/ preferences.
- "Flexible in scheduling and in the pace of activities.
- "Cheerful, optimistic, polite, thoughtful. His manner created a kind and gentle and happy and relaxed tone for the entire group of individuals and couples that made up each of the two trips we went on.
- "Each of the two groups we traveled with was so diverse that I am convinced that Geoff could teach an old-fashioned one-room schoolhouse and everyone would learn and cooperate and enjoy the experience.
- "Honest: what he promised in his website and printed materials is exactly what he delivered.
- "Good clear directions both in the advanced preparation sheets he sent and in the daily explanations (morning and evening) of what the coming day's activities and options were.
- "Keeps to the schedule printed in advance (where we could be for each day, and how long each activity would last), yet still flexible.
- "The food was incredible: Healthy, Delicious, Varied, Fresh, Multi-course meal every evening! Geoff and his assistant are gourmet chefs and cut no corners, with fresh salad every supper, fresh cooked vegetables, fresh fish cooked over the fire several of the suppers, fresh-baked desserts. A few nights we ate at local small restaurants, carefully selected to provide some local color at a reasonable price.

- “Gave very clear instructions for safety and sanitation during life away from "civilization"; looking out for the best experience both for each individual and for the entire group.
- “A fairly constant oral stream of information about History, Geography, Plants, Animals as we traveled by van and on foot.
- “Well-supplied with various field guides to plants, animals, geology, etc.
- “Offered frequent suggestions for additional reading on various topics about Alaska.
- “All the campsites and lodging and eating places that he reserved or recommended were excellent; his advance work took the usual uncertainty and decision-making-while-tired-and-hungry out of camping.
- “The same for the extras (canoe, kayak, whitewater rafting, glacier walking): Geoff had done the advance work of scouting and selecting excellent guides and local outfitters.
- “Attentive to our suggestions/observations about which parts of the trip were most enjoyable, as well as a few suggestions for improvement. Never defensive. The phrase from Chaucer comes to mind: "and gladly learn and gladly teach" fits Geoff just right.
- “Well-prepared: food, equipment (tents, cooking utensils, first aid), advice, suggestions on how to traverse difficult terrain.
- “Attentive to quality and value, and not selfish: Why are the prices so cheap you ask? Geoff Downes is one of those rare Americans who knows what is important in life: getting rich is not the goal!
- “It was a pleasure to meet Geoff and spend the 16 days with him. He lives a life away from the clutter and waste and haste of "civilization" and he gave us a lasting taste of how good life can be.
- “And now to close with what I said as we parted: Thank you for a delightful experience. Peace, and Happy Trails”

“I'm happy to recommend Get Up and Go! Tours. I did a hiking/camping trip last summer, and it was a memorable time. Geoff was great at bringing the group together and appreciating everyone's interests and desires for the trip, and we all got the challenging hikes and relaxation we wanted. He also knew Alaska intimately and shared his knowledge and love for the land at every opportunity. He knew the flora and fauna and human history, and loved to hike. And he was great at noting everyone's abilities and providing optional activities for all.

Highlights for me were (kayaking up to) the Shoup Glacier, glacier walking in McCarthy and whitewater rafting in Denali. All the hikes were spectacular-- the Worthington Glacier stands out, and all the campsites comfortable and scenic. Geoff was also a great cook, and we ate like kings. At times we joked that it should be called Get Up and Go Eat Tours!! We packed in a lot of activities and viewing, and I always felt lucky to be with Get Up and Go! rather than on my own or on a package tour-- it is the best of both worlds. I hope you have a chance to go to this very beautiful and moving land.”
