*"Hi! I just returned from an amazing Alaska Explorer trip with (your guides) Marci and Amanda. This was definitely the best vacation I have ever taken! Alaska was so completely different from anything that I have ever been exposed to. The whole trip was so well planned out, but Amanda and Marci didn't make it feel like a regular touristy trip.... They are so knowledgeable and fun to be around, plus the food was great!... Our guides were great, and I would love to go on another trip with them again in the future! I'm going to recommend this trip to everyone that I know that loves the outdoors because I had such a great time. Thanks for a great experience! --Hilary Blum; New Jersey; **Alaska Explorer***

ABOUT OUR TOURS

Get Up & Go! Alaska Tour Types

ALASKA MULTI-SPORT / HIKING TOURS: These are our most popular tours: 4 to 16+ day **Active, Informative, Fun!** Alaska adventures that get you ‘up and going’ in Alaska’s most beautiful national parks and natural areas. A variety of uniquely Alaskan ‘multi-sport’ activities such as sea kayaking, sometimes to active glaciers, glacier trekking (or optional ice climbing), lake or river canoeing, and whitewater rafting, along with truly memorable day hiking, are **INCLUDED** highlights of every tour: Unlike with some other tour operators, there are *no extra costs for the uniquely Alaskan adventure activities you’re coming up here to experience*. Our various tours are available in either ‘Camp & Cabin’ or **Lodge-based** formats (see the Accommodations section below for details).

All of our tours feature well designed, moderately paced itineraries, small groups (minimum 4, maximum 11 or 12; average 8), scenic campgrounds and/or charming, well situated lodges, top quality equipment, and of course all the fantastic Alaskan scenery, day hiking and adventure sports you desire, as well as regular natural history briefings and genuine good times!

Many of our tours also feature **included** scenic bush plane flights (to access more remote destinations), Alaska Marine Highway ferry trips, water taxis, and of course all local overland transport. See the **Alaska Tour Features** section just below for more information about our tours, and the specific tour descriptions later in this brochure for detailed outlines of our various tour itineraries. And of course, please feel free to call or email with any questions: **1.888.868.4147** or **1.907.245.0795**.

“I just wanted to tell you that I had a WONDERFUL trip this summer!... Your 10-day (Alaska Explorer) package was perfect for me. I felt fortunate to see as much as I did. It was the kind of trip where every day just got better and better! I (also) wanted to tell you that I really appreciated all that your guides did for us. They really worked well together as a team and were always conscious of our needs... and both were full of knowledge and facts about Alaska. I credit my amazing experience, to their professionalism, skills and definitely, their personalities! Not to mention the fantastic meals :-). I love to hike and was not sure that I would want to do the multi-sport package but I was so thrilled by each experience and it really added to the adventure! When people ask me about (my) trip, I always mention Get Up and Go! Tours. Thanks again and if I ever return to Alaska it will be with you guys :-)” —Christine Fitzgerald, Middleboro, Massachusetts; **Alaska Explorer**

ALASKA FAMILY TOURS: Our **Alaska Family Explorer** tour is for families with children ages 10 and above (or younger on private trips, please inquire). This fun and memorable 9-day tour is designed with kids and families in mind, and features a variety of beautiful scenery, two spectacular national parks (Denali and Kenai Fjords), walk-up (and walk-on!) glaciers, great wildlife-viewing opportunities, as much hiking and other outdoor activities as you’re interested in, great food, and a friendly and experienced guide! **Lodge-based**. “Just got back today and wanted to let you know we had a wonderful time and enjoyed things immensely, thanks to your efforts. The trip was one of the best we ever took, and you helped make it that way... The lodges were wonderful, clean, beautifully set, and the owners were most friendly and cooperative. The outings you arranged for us were well worthwhile and enjoyable. The people we met were well learned and expressive: really nice people... I especially commend you on the thoroughness of the itinerary, it made everything very plain and easy to follow, and was very informative and enjoyable to read. All in all, a very good trip. If you need a reference please call on me.” —Zvi Herschman, Hempstead, NY; **custom tour**

IN OR OUT? CAMPING, 'CAMP & CABIN' & LODGE-BASED ALASKA TOURS

Because different people have different concepts of just exactly what getting active in the great outdoors means, we offer different tour itineraries in '**Camp & Cabin**,' and **Lodge-based** formats. Be assured that regardless of which style of accommodation you choose, all **Get Up & Go!** tours are designed to get you "Up and Going" in the beautiful wilds of Alaska, actively experiencing it for yourself with great daily hiking and multi-sport adventure activities. The tours, itineraries and activities are the same: the difference is simply where you sleep at night.

"Dear Geoff: I want to convey to you my complete satisfaction with the Get Up and Go! tour my son and I just returned from last week. The trip was fabulous--very well planned and brilliantly executed. Our guide was superb, always flexible, well informed, inexhaustible, upbeat, helpful, and just plain fun to be with. Virtually every aspect of the tour exceeded my expectations--especially the meals. Prior to the trip I was braced for MREs or Mac 'n Cheese. Instead we had fresh salmon, halibut, fajitas, enchiladas, lasagna, steak, et al. They really did a marvelous job with the meals--and with every other detail of the trip."

"We will come again to Alaska, and when we do we will book again with you. Thanks for a great tour. Sincerely, Carl Smith"
—Carl Smith, Alexandria, Virginia

*"Thanks for a great tour! I don't think the 12 people on the tour could have been a better group of people. Our guide far exceeded my expectations with their great food, wonderful sense of humor, and amazing ability to make every activity better just by being there. Seeing 6 moose, 12 grizzly bears, 4 river otters, 6 beavers, 10 caribou, a couple dozen bald eagles, 5 seals, hundreds of salmon, a dozen sea otters was incredible. The lunar eclipse, huge Northern lights show, and perfect weather did not hurt either. I hope Marci is around for a couple more seasons because I want to go on the Kenai trip and now my brother wants to go on the Arctic trip with me." —Zack Hebert, Eureka Springs, AR; **Alaska, Kenai, and Arctic Explorer***

CAMPING AND 'CAMP & CABIN'-BASED TOURS: Even if you've never camped before, be assured that it's easier and more comfortable than you might think (and much cheaper than staying in hotels or lodges). The beautiful natural settings of our campgrounds, the long hours of Alaska summer daylight, our helpful guides, high quality tents, and the tremendous camp food we serve up all make camping in Alaska a pleasurable and unforgettable experience! Sleeping bags and pads are the only gear you need to bring (or rent them cheaply from us, with advance notice), and showers are available almost every day. 'Camp & Cabin'-based tours also feature 1 to 3 nights—depending on which itinerary you pick—of shared, indoor lodging in remotely located, charming and cozy cabins or lodge rooms. These are our most popular and inexpensive tours.

"Now that I am home I can't help but wonder if I will ever recover from the trip of a lifetime... I had an absolute ball and my only reservation about doing it all again is my fear that it could never ever be as good as the first time!"
—Dudley Chignall, Essex, England

"I have just returned from an amazing Alaska adventure with your tour guides. I must tell you that your team was encouraging, informative, and downright FUN! I will definitely recommend and return to Get Up & Go! for future outings!"
—Valerie Polk, Savannah, Georgia

LODGE-BASED TOURS: If you love being active in the Great Outdoors but are just not a camping kind of person, a lodge-based tour is the way to go! **Lodge-based tours offer the same great destinations, hiking and adventure activities as our Camp & Cabin-based trips:** the only real difference is the end-of-the-day accommodations. Our lodges, cabins, yurts, and hotels are all friendly, welcoming places chosen for their scenic locations, proximity to places of interest and charm. Depending on their location, most lodges, modern cabins and yurts feature private baths and showers, while the yurts are a bit more rustic, with shared (but private and nearby) bathroom facilities.

*"I don't typically do this following a trip, but this trip was so sensational I really need to let you know. Tim and I were beyond satisfied with the great itinerary, optional opportunities, and terrific planning for our 10 days in Alaska.... Thanks for offering such a great way to see Alaska and having the good sense to pick such a great guide. I'll spread the word to my traveling friends." —Joan & Tim Fulton, York, PA; Lodge-based **Alaska Explorer***

We loved Alaska and know we have to go back again, as 10 days is nowhere near long enough. The tour was fantastic and a really good mix of things to see and do, and Sophie and Cheryl made the best meals for us, we were so spoilt. I hope to travel with Get Up and Go! again in the future.

"Back from the Alaska Ranger trip and wanted to share my thanks! It was an amazing trip and (guide) Ray was awesome! He was accommodating and gracious. We also thoroughly enjoyed the wonderful meals he prepared for us. A special note to the food accommodations made for me! I was quite anxious about it, but Ray took such good care. Truly appreciate it.

"From the campsites to the activities planned and pace of the trip, all aspects of logistics and details were well planned out. Thank you for making everything from the first interaction pleasant. Your quick replies to my questions were very helpful in planning for the trip.

"Met a very nice set of people and we were blessed with good weather too! Thank you and the team for sharing Alaska with us. Best wishes, Preeda Rajasekaran, Alaska Ranger

"I just want to say that your company is the best. We saw more then we expected. Your guides were just perfect. I really enjoyed everything and will recommend your company to every person who wants to visit this amazing part of the world. Thank you so much and I hope to see you again next year! p.s. thank you about the weather! —Pavlin Z, Bulgaria

"Just wanted you to know what a wonderful experience I had during my first Get Up and Go! tour last week.... (Our guide Sophie was wonderful - very professional and very available, both physically and emotionally (something I have not experienced with different tours) - the sites, food and various activities were exceptional, and the other participants were great to be with. I will certainly recommend your tour group to others. I don't normally write comments post-trip but wanted you to know that those women are gems :)" —Jennifer Pierson, Colorado, *Alaska Family Explorer*

"Just wanted to let you know that we had an exceptional time...! Thank you so much for giving us such a great adventure. (GG! guide) Sophie was awesome and I can't say enough great things about her. She was so accommodating and bent over backwards to make sure we had a wonderful time. We all consider her a friend now and look forward to staying in touch.

"You and your team are doing a great job. I'm telling everyone who is thinking about Alaska that they need to do it with Get Up and Go! Tours! Take care, Joe" —Joe Diggins, Sewickley, Pennsylvania; *Alaska Family Explorer*

"Geoff, I just wanted to send a quick email to let you know what an incredible time we had on our 10-day Alaska Explorer tour. All the activities were truly amazing, the Alaskan wildlife and landscape are truly breathtaking – we've all ran out of adjectives, because mere words just aren't enough to describe Alaska and all we experienced. It was everything we wanted in our vacation...we truly couldn't ask for more."

*"Most importantly, all these activities were wonderfully managed by (your guide) the great John H! What a guy!!!!... John was the perfect fit for us. From the scheduling to the FOOD (he nailed it!) to the wonderful, wonderful excursions and his knowledge of all the areas, John was the consummate guide. His authentic love of Alaska shown through it all and I think that is what made the trip so special. It is a great experience to be in the presence of someone who truly loves what he does – and is so good at it. Thank you, thank you, thank you..." --Rita Garza, New York, NY **Alaska Explorer** lodge tour*

ALASKA EXPLORER: DAILY ITINERARY & ACTIVITIES

Notes: Unless identified as optional, all mentioned activities are **included**. Specific hikes and lodges may vary. This **flexible** tour itinerary may operate in either direction, and is (rarely) subject to change. BLD below indicates included meals.

DAY 1: FROM ANCHORAGE TO DENALI NATIONAL PARK AREA

We'll meet in the morning at our Anchorage departure hotel/s (see our *Tour Pre-Departure Packet* for location/s and time/s), introduce ourselves, and after a brief overview of the tour, head north into the vast Alaskan Interior. First stop: **Denali State Park** for a great 3 to 4-hour alpine hike, before proceeding on to world-famous **Denali National Park** for a three-night stay. L

DAY 2: DENALI NATIONAL PARK

A fun day as we can hike for 3-4 hours this morning, and then enjoy an exhilarating Class III/IV whitewater rafting trip this afternoon. A "flight-seeing" trip over the park to Denali, North America's highest peak (wow!), and/or a tour of the park's dogsled kennels are fun, optional activities. BL

DAY 3: DENALI NATIONAL PARK

Today you'll travel through the vast, access-controlled wilderness area of the national park on the park shuttle bus, with exceptional wildlife viewing and hiking opportunities. This fantastic sub-arctic wilderness teems with wildlife, including grizzly bears, wolves, caribou, Dall sheep, moose, foxes, many varieties of birds, and more. Denali is also the home of the continent's highest peak, 20,320' Denali: "The Great One," a view of which is an unforgettable highlight! BL

DAY 4: THE DENALI "HIGHWAY" TO MACLAREN RIVER, IN THE EASTERN ALASKA RANGE

Today we head east along the even more remote Denali Highway, paralleling the scenic southern side of the Alaska Range. This unlikely gravel "highway" passes through some of the wildest, most remote, road-accessible country on Earth, with amazing mountain, glacier, tundra, and river valley views.

It's time to go canoeing! We will be transported upstream to the put-in in the lodge's air boat, an adventure in itself. We'll float downstream (calm waters), on the lookout for birds and wildlife with big mountain views, back to the dirt "highway" and (relative) civilization, at which point we'll then check-in to our rustic and friendly, riverside lodge for the evening.

There are lots of interesting birds, as well as moose, foxes, arctic ground squirrels, beavers, muskrats and even grizzly bears to be seen throughout the area. The Denali Highway area is a special, seldom visited place, sure to leave a lasting impression. BL

DAY 5: WILDERNESS CANOE PADDLE & ON TO KENNECOTT & WRANGELL-ST. ELIAS NATIONAL PARK

Departing our lodge we'll take a short, beautiful hike at the pass, with tremendous 360-degree views of the mountains, rivers, and glacial lakes that are all about: breathtaking! Next we'll drive the brief (but super scenic!) remaining section of the Denali Highway, and onward to an airstrip adjacent to the mighty Copper River. Here a few small planes will meet us for a stunningly scenic flight across the volcanic and glacier-clad Wrangell Mountains into immense Wrangell-St. Elias National Park, the largest National Park in the USA and a United Nations World Heritage Site. Our destination? The former Copper & Gold Rush boomtowns of Kennecott & McCarthy, everyone's favorite Alaska ghost towns! We'll spend three nights here in the charming lodge, spectacularly set overlooking the mighty Kennicott Glacier, deep in the heart of the park. 16,390' Mt. Blackburn looms up the glacier, and other huge peaks and glaciers are all about. Four major mountain ranges, 9 of the 16 tallest peaks in the US, and the largest non-polar ice field on Earth all converge in this little-known and seldom-visited gem of a national park! BLD

DAY 6: WRANGELL-ST. ELIAS NATIONAL PARK / MCCARTHY & KENNECOTT

Another exciting day, as we venture out onto the ice with crampons and a local mountaineering guide to explore the blue crevasses, moulins, and the rest of the fascinating glacial geography. The more adventurous can challenge themselves with an optional introductory ice-climbing course on the glacier (+ ~\$60). Optional flight-seeing over the immense fields of glacial ice; and/or a guided, historic Kennecott Mine tours are also available; as are various ranger-led activities. BLD

DAY 7: WRANGELL-ST. ELIAS NATIONAL PARK / MCCARTHY & KENNECOTT

Today we can hike up to the abandoned and ramshackle Bonanza Mine (once the richest copper lode in the world) for incredible mountain and glacier views. This vigorous hike is the consensus favorite of both clients and guides, year after year. Less strenuously, you can either hike along the lateral moraine of the Root Glacier, along the old Wagon Road to McCarthy, or out to the toe of the huge Kennicott Glacier, where you can witness it actually moving (very slowly!), depositing the boulders

and debris it has carved and carried from the mountains into the now-large terminal lake that it has formed (headwaters of the Kennicott River). Or, if you prefer, take a day off to simply relax and soak up the mountain village ambiance. BLD

DAY 8: WORTHINGTON GLACIER & VALDEZ

You won't want to leave Kennecott/McCarthy, but leave we must. Driving out of Wrangell-St. Elias National Park we'll cross yet another tremendous range: the heavily glaciated Chugach Mountains. At alpine Thompson Pass we can hike either to the toe, or up the lateral moraine of Worthington Glacier, to a dramatic view of the ice field that feeds this very blue "river" of ice. Dropping down out of the mountains afterwards to the picturesquely set town of Valdez, we'll get our first taste of magnificent coastal Alaska. The young and geologically very active Chugach range rises up literally out of the sea, ringing super-scenic Prince William Sound (PWS). Glaciers are all about, some of them spilling their loads of ice directly into the sea. BL

DAY 9: VALDEZ & PRINCE WILLIAM SOUND (PWS)

Today we'll paddle sea kayaks in a calm and beautiful, glacier-carved PWS bay! After gearing up, a lesson, and a scenic water taxi ride to calm and protected Columbia Bay, we'll paddle through a seas of icebergs up to the face of this spectacular tidewater glacier (this is an upgraded version of the previously included sea kayaking trip). Alternatively, enjoy a wildlife and glacier-viewing day half or full-day cruise (subject to availability). Salmon fishing charters are also optionally available. BL

DAY 10: PRINCE WILLIAM SOUND FERRY CROSSING (OR OVERFLIGHT) & BACK TO ANCHORAGE

This morning we'll board the Alaska state ferry for a beautiful crossing of Prince William Sound, on the lookout for whales, bald eagles, and other wildlife. Following a short hike (time permitting), we'll drive back to Anchorage. On some trips (depending on the ferry schedule), a scenic flight over the glacier-clad Sound from Valdez back to Anchorage may be substituted. If neither ferry nor flight are available on the scheduled day, an unusual but remotely possible occurrence, we'll drive back to Anchorage, and you'll be refunded \$100 per person. Either way, the trip will end in Anchorage at ~5 p.m. L.

(Or if you've combined this tour with our 2+day *Kenai Fjords Hike & Cruise (or Fish!)* tour, you'll carry on to Seward now).

The tour price is based on twin-share rooms. Solo travelers must pay a \$1,295 **single supplement**, although we may be able to pair you with another same-sex single if you desire, thereby avoiding the supplement; please inquire.

2025 TOUR DATES & PRICES

ALASKA RANGER ‘Camp & Cabin’-based tours

Tour Dates: July 18-23; August 3-8*; August 20-25* (*Fall Colors & Northern Lights!)

Tour Price: \$1,795. **Most meals included.** **Single Supplement** (if available): \$80. **No sales tax.**

6 days/5 nights. 3 nights tent-camping, one night at a remote, riverside camp, and one night indoors at a lodge

GET UP & GO! **ALASKA RANGER**--named after the huge, interior “Alaska Range” of mountains--takes you into a largely pristine region of immense mountains, huge, glacier-carved valleys, seemingly endless, rolling tundra, mighty glacial rivers, bountiful and compelling wildlife, and almost no towns or inhabitants at all. In other words: The perfect Alaskan setting for unforgettable **day hiking, whitewater rafting, glacier trekking, and wilderness canoeing!**

The tour kicks off with a 3-night stop at Alaska’s first and most popular national park: **Denali**, in the heart of the Alaska Range. This huge park teems with readily viewable wildlife like no other region of the North American continent. **Grizzlies, wolves, moose, caribou** and **Dall mountain sheep** (“The Big Five”), along with many smaller mammals, and hundreds of species of birds, are all abundant. And above this Vermont-sized wilderness park towers mighty Denali itself (once known as **Mt. McKinley**), North America’s largest (20,320’) and most spectacular peak. In addition to observing the wildlife, we’ll also enjoy great **hiking**, and some fun **whitewater rafting** at Denali. **Scenic flights** over the mountain are also optionally available.

ALASKA RANGER also features **an overnight at a remote, riverside wilderness camp**, in the eastern Alaska Range tundra. We’ll travel upstream in a jet boat to our fantastic wilderness camp, where we’ll enjoy a **beautiful hike, great views, and the serenity of the remote wilderness setting: a highlight!** The next day we’ll paddle canoes down the calm, wild river, on the lookout for wildlife, which is bountiful throughout the area.

The tour is climaxed by a night at a small, locally owned and beautifully set lodge near the massive **Matanuska Glacier**. From here we’ll take a fascinating **glacier trek** on the otherworldly glacial ice.

If you’re looking for wilderness on the grand scale, abundant wildlife, and of course great hiking, rafting, canoeing, and glacier trekking--and have just six days--well: This is the tour for you!

“All positive comments from this customer! I had an incredible time and already look forward to my next trip up there, whenever that ends up being, hopefully soon! Everything about the trip was great... The sights, the planned activities, the camping equipment, the FOOD! Everything was well thought out, planned, and executed. (Guide) Dave showed us what “luxury” camping was all about. He certainly knows his stuff and knew a lot about Alaska and the areas we visited. He was great at making me feel like I was getting the most out of the short time I was there.... (and) gave us the flexibility to adjust our activities as we wanted.... The camp then cabin order of the tour was nice, too... the beautiful lodge was a nice finish.

“I've fallen in love with Alaska and I have your tour to thank. I certainly will make Get Up and Go! Tours my first shopping stop when I plan my next trip. Thanks again, Paola” —**Paola Hayes**, San Diego, California; **Alaska Ranger**

“Yesterday I came back to Switzerland after 3 weeks in Alaska.... Although everything was good, our Alaska Ranger tour week was the best of all! I thank you all, mainly you, (guide) Dave, for this fantastic experience!” —**Jurg Lietha**, Switzerland

“I just returned from a ‘Camp and Cabin’ (Alaska Ranger) tour with Matt. I want to let you know how great he is... I'd do another tour with him as guide. The trip was more than I expected. Just when I would think that things couldn't get better, they did. GREAT TIME!!” —**Margie Bonazzola**, Solvang, California. **Alaska Ranger**

ALASKA RANGER: DAILY ITINERARY & ACTIVITIES

Notes: Unless identified as optional, all mentioned activities are **included**. Actual hikes and campgrounds/lodges may vary. This **flexible** tour itinerary may operate in either direction, and is (rarely) subject to change. BLD below indicates included meals.

DAY 1: FROM ANCHORAGE TO DENALI NATIONAL PARK

We'll meet in the morning at our Anchorage departure hotel/s (see our *Tour Pre-Departure Packet* for location/s and time/s), introduce ourselves, and after a brief overview of the tour, head north into the vast Alaskan Interior. First stop: Denali State Park for a great 3 to 4-hour alpine hike, before proceeding on to world-famous Denali National Park for a three-night stay inside the park at the beautiful **Denali National Park Savage River Campground**. LD

DAY 2: DENALI NATIONAL PARK

A fun day as we can hike for 3-4 hours this morning, and then enjoy an exhilarating Class III/IV whitewater rafting trip this afternoon. A scenic "flight-seeing" trip over the park to Denali, North America's highest peak (wow!), and/or a tour of the park's dogsled kennels are fun, optional activities. BL

DAY 3: DENALI NATIONAL PARK

Today you'll travel through the vast, access-controlled wilderness area of the national park on the park shuttle bus, with exceptional wildlife viewing and hiking opportunities. This fantastic sub-arctic wilderness teems with wildlife, including grizzly bears, wolves, caribou, Dall sheep, moose, foxes, many varieties of birds, and more. Denali is also the home of the continent's highest peak, 20,320' Denali: "The Great One," a view of which is an unforgettable highlight! BLD

DAY 4: THE DENALI "HIGHWAY" TO OUR REMOTE RIVERSIDE CAMP, IN THE EASTERN ALASKA RANGE

Today we break camp and head east along the even more remote Denali Highway, paralleling the scenic southern side of the Alaska Range. This unlikely gravel "highway" passes through some of the wildest, most remote, road-accessible country on Earth, with amazing mountain, glacier, tundra, and river valley views. We'll enjoy a picnic lunch and then take a beautiful short hike at the pass, with tremendous 360 degree views of the mountains, rivers, and lakes that are all about: breathtaking!

The excitement ratchets up a notch this afternoon as we load our gear into a river air boat and zip upstream toward the towering, glacier-strewn Alaska Range and our remote and rustic riverside wilderness camp (wall tents, cots, dining tent, fire ring, outhouses). Here we can hike and enjoy the wild solitude, a hot dinner, and an evening campfire!

There are lots of rare and interesting birds (arctic terns, trumpeter swans, and many, many more), as well as moose, foxes, arctic ground squirrels, beavers, muskrats, river otters, and occasionally grizzly bears to be seen throughout the whole area. The Denali Highway area is a special, seldom visited place, sure to leave a lasting impression. BLD

DAY 5: WILDERNESS CANOE PADDLE & ON TO OUR LODGE NEAR THE MATANUSKA GLACIER

After a morning canoe lesson, we'll float downstream in our canoes, on the lookout for wildlife, back to the gravel "highway" and (relative) civilization. Next we'll drive the brief (but super scenic!) remaining section of the Denali Highway, and then head south and west as we travel through dense black spruce and aspen forests, dotted with literally tens of thousands of lakes, for a night indoors at the beautifully situated lodge with panoramic views, near the beautiful Matanuska Glacier. BLD

DAY 6: MATANUSKA GLACIER & BACK TO ANCHORAGE

We will cap off the trip by venturing out onto the glacier with crampons and a local mountaineering guide to explore the blue crevasses, moulin, and the rest of the fascinating glacial geography. Beautiful! The tour ends back in Anchorage by 5 pm. BL

Tour Dates: July 7-9; July 31-August 2; August 16-18; August 30-September 1

Introductory Tour Price: \$750 +local sales tax. **All meals included***. **Single Supplement:** \$150. **Fishing Supplement:** +\$50

3 days* / 2 nights. Three nights in twin-share Yurts (see Accommodations section, below)

TOUR INTRODUCTION: NEW for 2025! After many years of putting together private, post-tour extensions to **Kenai Fjords National Park** for clients participating in our other trips, and also being unable to accommodate people who don't have as much time and are just interested in a shorter tour, we've finally added this new, 3-day "mini-tour" to stunning and inspirational **Kenai Fjords National Park!**

This new **Kenai Fjords Hike & Cruise (or Fish!)** tour can be done on its own, in 3 days/2 nights, or *added on to our 10-day **Alaska Explorer** or 6-day **Mountains & Glaciers** tours as a 2 ½-day/2-night extension (it meets up with those tours in Portage, following their final-day Alaska state ferry trips across Prince William Sound, and then carries on to Seward; this means those **Alaska Explorer** and **Mountains & Glaciers** clients don't need to return to and overnight in Anchorage before visiting Kenai Fjords National Park). Occasionally, depending on the specific dates, it can also be added on to our 6-day **Alaska Ranger**.

This active 'Multi-Activity/Hiking' tour is highlighted by one of Alaska's premier day hikes: up alongside **Exit Glacier** to the **800-square mile Harding Ice Field**, one of the best hikes in the entire National Park system!

The tour climaxes with an absolute Alaska must-see: The definitive and sensational 6-hour **Kenai Fjords National Park Glacier, Whale and Wildlife-Viewing Cruise** in the dramatic fjordlands of this truly beautiful, mostly marine national park. Watch in awe as Pleistocene-era ice sloughs off the tidewater glacier faces, crashing into fjordal bays. Orcas, humpbacks, and/or other species of migratory or year 'round whales are usually seen up close, often bubble feeding in large pods for extended periods of time: a sight to behold! Sea otters, sea lions, playful porpoises, and a wonderful variety of birds, including bald eagles, puffins, oyster catchers, murres, cormorants, auklets, and many others are usually seen, and bears and mountain goats are also often sighted.

Alternative to the cruise, fisher folk can go out on a **half-day fishing charter** with a local captain for salmon, rockfish, cod and more, at the same time and mostly in the same waters as the cruise (\$50 upgrade supplement required, plus the purchase of a one-day fishing license; subject to availability; please let us know if you prefer the fishing charter when you register for the trip).

On this tour, we stay in heated, twin-share yurts at a charming and unique, locally owned boutique lodge, some with queen beds and some with two or four twin beds (when four beds, it's two on each floor of a larger yurt). The yurts have comfortable beds, attractive furnishings, electricity, and wifi. (They are not plumbed however, although the clean and private flush toilets and reservable hot showers are just a few steps away). The Yurt Village includes a kitchen where our guide is able to prepare our **famous 'camp-style gourmet' meals**, multi-course affairs featuring grilled salmon or other proteins, along with delicious salads, side dishes and desserts: the food is a highlight! Vegetarian and vegan fare and most special diets can also be accommodated.

GET UP & GO! Either as a shorter, standalone adventure for those with limited time, or as an add-on to one or more of our longer tours, **Kenai Fjords Hike & Cruise (or Fish!)** is a beautiful and '**Active, Informative, Fun!**' adventure in one of Alaska's most iconic and beautiful national parks. Please join us and see for yourself!

KENAI FJORDS HIKE & CRUISE (OR FISH!)

DAILY ITINERARY & ACTIVITIES

Notes: Unless identified as optional, all mentioned activities are included.

Specific hikes may sometimes vary, depending on conditions.

This **flexible** tour itinerary is (rarely) subject to change. BLD below indicates included meals.

DAY 1: FROM ANCHORAGE TO SEWARD & KENAI FJORDS NATIONAL PARK

We'll meet in the morning at our Anchorage departure hotel/s (see our *Alaska Tour Pre-Departure Packet* for location/s and time/s), introduce ourselves, and after a brief overview of the tour, head south to the beautiful Kenai Peninsula. On the way we'll parallel scenic Turnagain Arm. This mountain-lined and glacier-carved fjord, the ultimate extension of the Cook Inlet, Gulf of Alaska and Pacific Ocean, was named by a frustrated Captain Cook, during his 1778 search for the legendary Northwest Passage. Along the way, we'll stop for our first hike, typically a 3-4 trek in the stunning Chugach Mountains (the specific hike will be determined by a number of factors, primarily current conditions and the day's weather: there's lots of great options!).

[Those of you who will be joining this tour as an extension of either your *Alaska Explorer* or *Mountains & Glaciers* tour with us will usually be picked up in Portage on the final days of those other tours, following your trip across Prince William Sound on the Alaska state ferry and a post-ferry hike.]

We'll then carry on to the beautiful Kenai Peninsula and to the seaside town of **Seward**, gateway to **Kenai Fjords National Park**, for two-night stay at the charming Yurt Village. LD

DAY 2: SEWARD & KENAI FJORDS NATIONAL PARK

One of our favorite hikes anywhere and certainly one of the best hikes in the entire National Park system is today's highlight! Up we'll go alongside the very blue Exit Glacier to an overlook of the 800-square mile Harding Ice Field, focal point of **Kenai Fjords National Park** and the source of its many glaciers. Moose, bears, mountain goats, porcupines, and marmots are all commonly seen on this hike, and the glacier and ice field are dramatically beautiful; this inspirational hike will stay with you long after you've left Alaska! BLD

DAY 3: CRUISE OR FISH, AND THEN BACK TO ANCHORAGE

This morning you can choose between either the previously described **6-hour whale and wildlife viewing cruise to an active tidewater glacier** in stunning **Kenai Fjords National Park**; or to go out on a **half-day fishing charter** for salmon, rock fish, and cod with a local captain (\$50 upgrade fee and fishing license required, subject to availability). The day cruise is spectacular, as multiple whale species, porpoises, sea lions, sea otters, seals, bald eagles, puffins, oyster catchers, and an interesting variety of other sea birds are all commonly seen, and the close-up view of the calving tidewater glacier is truly spectacular.

If you can't imagine coming to Alaska and not going fishing, well, that's a great option as well. It's also possible to have your catch filleted, flash-frozen, and Fed-Ex'ed home to share with your friends and family, and to initiate a great story (additional fees required).

Afterwards, we'll wave goodbye to Seward and Kenai Fjords and drive back to **Anchorage**, where the tour ends by 5 pm (airport or hotel drop-offs are no problem). BL

KENAI FJORDS HIKE & CRUISE (OR FISH!) ACCOMMODATIONS

On the ninth and final day of the tour we visit the famous **Denali dogsled kennels** in the morning before making the drive back to Anchorage, where the tour ends at ~6 pm. Once in Seward, we'll walk out to the face of huge Exit Glacier, in **Kenai Fjords National Park** for a closeup view. And you are going to love our cozy and charming lakeside cabins with a great outdoor recreation area, including fire rings and a beach! Three nights. LD

DAY 2. SEWARD & KENAI FJORDS NATIONAL PARK. This morning we will visit the **Alaska SeaLife Center**, Alaska's premier public aquarium and Alaska's only permanent marine mammal rehabilitation facility. An optional and highly recommended **whale, wildlife and glacier-viewing day cruise** out to an actively calving glacier (wow!) in the national park this afternoon is not to be missed! Orcas, humpbacks, sea otters, sea lions, porpoises, seals, leaping salmon and a great variety of bird life are commonly seen on this trip, including puffins, bald eagles, and more. **Deep-sea fishing** is another option. BL

DAY 3. SEWARD & KENAI FJORDS NATIONAL PARK. An easy, optional **sea kayaking** trip in the calm waters of Resurrection Bay is this morning's recommended activity. Fun and beautiful, it's great being out on the water! *No previous experience is necessary for this or any activity!* Alternatively, we can take an easy/moderate hike through an old-growth rain forest to a stunning and remote Resurrection Bay beach. In late July and August, the stream there is chock full of spawning salmon, a site to behold. There are also options this afternoon to go "**heli-mushing**" (mush your own dog sled team across a helicopter-accessed glacier!), or simply enjoy some free family time strolling around this charming, seaside town. BLD

DAY 4. MATANUSKA VALLEY & GLACIER. This morning we'll travel northeast to our lodge, beautifully situated near the enormous Matanuska Glacier. En route, we can go for an easy walk to the year 'round snowfield at Byron Glacier, and, in season, view spawning salmon in one of the local creeks. After a short walk through the woods to a great view of the Matanuska Glacier, we'll check into our lodge, and enjoy a delicious multi-course, family-style meal in their magnificent dining room this evening. Two nights. BLD

DAY 5. MATANUSKA VALLEY & GLACIER. After a hot breakfast, there is a highly recommended option to go on a **guided trek on the glacier**. Local glacier guides will fit you with crampons (steel spikes that you strap on to your boots or sturdy shoes), helmets, and hiking poles, for an unforgettable guided walk out onto the blue and age-old glacier ice. The glacial streams, water falls, lakes, ice cliffs, and deep moulin (water-carved glacial caves) that characterize this otherwise frozen river of ice are fascinating. The especially adventurous can even sign up for an optional, all-day introductory ice-climbing course (minimum age 12 for ice climbing, which involves a fairly long but easy hike on the moraine and ice to the climbing area). There is also the option of doing an exhilarating zip-line course (minimum 60 lbs.; maximum 235 lbs/42" waist size). Otherwise, the afternoon is free for family time, a hike or casual stroll. BLD

DAY 6. DENALI NATIONAL PARK. Following another hot breakfast, we'll load up and head north to world famous Denali National Park! We will visit the new Visitor Center, possibly go on a walk in the woods, and, during the latter part of the summer (when the alpine access road is snow-free), visit the historic Independence Mine, at Hatcher's Pass, en route. We stay at another beautifully situated, creek-side lodge with gazebo and fire ring. 3 nights. BL

DAY 7. DENALI NATIONAL PARK. There are some great options available today, including visiting a family-operated **racing dog kennel and homestead** for a tour (usually including puppies!) and a **wheeled cart ride**, a tour highlight for most families! You can also enjoy an optional, fun white- or calm or whitewater river rafting trip this afternoon (optional; the minimum age is 10 for whitewater, or 15 in the whitewater paddle boat; the calm water float trip is available to younger children). There is also the option to go "**flight-seeing**" over the park and right up to the face of Mt. Denali (formerly known as Mt. McKinley, at 20,320' the tallest peak in North America). An easy hike to a mountain lake frequented by moose and beavers is another fun activity. BL

DAY 8. DENALI NATIONAL PARK. Get ready for wildlife, as well as huge mountains and incredible landscapes and views! Today you will board the park's wilderness-access shuttle bus for a wildlife-viewing trip into the immense wilderness area of the park. Grizzly bears, caribou, moose, Dall sheep and foxes are all commonly seen, and lucky ones may even see

wolves. Unless the clouds conspire to conceal it, magnificent, glacier and snow-enshrouded Denali looms large over the landscape, a stunning sight! BL

DAY 9. BACK TO ANCHORAGE. The national park has been patrolled in the winter by rangers and dogsled teams for 100+ years, and the park maintains a large kennel of sled dogs to this day, including puppies, which we will visit this morning. Along the way back to Anchorage we can watch for wildlife and stop to take a walk. The tour generally ends in Anchorage by 6 pm. An attractive and leisurely, optional way to return to Anchorage is to board the **Alaska Railroad** for a stunning 7+ hour wilderness train trip, arriving in town, unaccompanied, at ~8 pm. (If you wish to take the train trip, please let us know ASAP, as it often sells out and tickets must be pre-purchased). BL

"Geoff - I wanted to let you know that you can use my information for references for Get Up and Go. I was actually recommending you today to a friend who is taking a trip next year."

"I am actually thrilled to recommend Get Up and Go. Our experience was amazing and it made me wish Get Up and Go did trips around the world because I would use your services again in a heartbeat!"

"I have been around the world and was amazed by Alaska. If we hadn't used Get Up and Go, I think we would have missed out on so much,... they know what you can fit in, make sure you are on time, and expose you to as much as possible. I have never done a guided trip but actually started looking into them after this trip because I felt like we (as a family) got so much more out of it than we would had we tried to do it on our own."

ABOUT Get Up & Go! Tours

Our Philosophy

The Call of the Wild...

At Get Up & Go! Tours, our mission is to help people not just see, but also to actively experience and better appreciate the wild Alaska they've dreamed of: A timeless and beautiful land as rich with possibilities of personal adventure, discovery and inspiration as it is with awesome landscapes and wildlife. This is in fact the essence of our **Active, Informative, Fun!** tour formula. For it is our belief that helping people to get active, engaged and having fun in the great Alaskan outdoors can only result in a heightened appreciation of wilderness more generally; of its inherent value, and of the dire need to preserve it, for its own sake as well as for future generations. Experiencing Alaskan wilderness directly, getting active in it, breathing its air, marveling at its magnificent landscapes and vistas and wildlife: one can't help but be moved.

From the first nomadic, ice age hunters who unwittingly wandered across the Bering Land Bridge from Asia in pursuit of a herd of caribou, to the 19th century Klondike gold rush "stampedes," to the modern day eco-tourist, the history of Alaska is a fascinating tale of exploration and discovery, of restless and adventurous humans at the far edges of the known world confronting wild nature in its grandest, most dramatic forms.

In today's super-hectic, modern world, "the call of the wild" is at least as compelling as it's ever been. With this in mind, **Get Up & Go! Tours** strives to make contemporary Alaskan adventure available not only to the ultra-intrepid, rugged and rich, but to anyone with a yearning for adventure and personal discovery (and yes, good health, decent fitness and a week or two of vacation time). Our **Active, Informative, Fun!** Multi-Sport, Hiking, Family, and Custom Alaska tours are the perfect way for the adventurous and nature-loving traveler with limited time to get off the beaten track, actively experience, and better appreciate the Great Land, through a variety of uniquely Alaskan multi-sport activities and inspirational hikes. Please join us!

Our Commitment To Alaska, Our Local Communities, and the Natural Environment

Get Up & Go! Tours is proud to practice **Leave No Trace** principles of outdoor ethics, goes to great lengths to reuse and recycle as much of the packaging and other waste produced in our base, office, and household as possible, and patronizes locally owned and operated businesses and farmers whenever feasible in an effort to minimize impact and give something back to the local communities we visit.

Get Up & Go! Tours also makes regular contributions to several local and national community and conservation groups. Organizations we are members of and/or support include the Alaska Center; The Wilderness Society; Defenders of Wildlife; the Alaska chapter of the Sierra Club; Natural Resources Defense Council (NRDC); Audubon Society; Wrangell Mountain Center (in McCarthy); Anchorage Museum; Anchorage Parks & Recreation Department; Anchorage Film Festival; KSKA public radio (in Anchorage); Friends of Kennicott; and the Alaska Travel Industry Association; among others.

"Geoff: Well, unfortunately, we are home in NC where the temp will reach 98 today with about 98% humidity, and we miss Alaska already. We had the BEST time. Amanda and Suzie are professional, knowledgeable, organized, responsible, entertaining, fun, motivating, and overall, AWESOME women, and we are thrilled to have had the chance to get to know both of them. If they haven't told you already, this group of people jelled from moment #one...and I give Amanda the kudos for setting the tone.... We had phenomenal weather...we saw Denali 4 out of a possible 6 days that we were in the area to see "The Great One". We checked off almost every animal on the Alaska list (no lynx or wolf..just wolf and baby wolf tracks), I ID'd wildflowers, we ate raspberries, and we ate great meals. Oh, did I mention the awesome hikes,...the great rafting, canoeing with the beavers, sandpipers, and moose, ice climbing on an incredible day into a moulin, sea kayaking with sea otters, kittiwakes, gulls and a calving ice cave, snowball fight on a glacier ice field, and we were lucky to have only one day of rain. What mosquitoes? I can honestly say I came back with zero bites. But, we did see lots of bears from a respectable distance, so, one still had to be aware of their environment! Overall, we're concerned that we may not be able to one-better this trip. So, in case you misunderstood this little note, we were more than pleased with this trip and will be waiting your next offerings! Thanks for everything. Happily yours, Nan"

-Nancy Kirlin, North Carolina. **Alaska Explorer** twice, eight years apart!

"Hey Geoff, Just wanted to thank you and (GG! guide) Marci for a fabulous trip to Alaska. You could not have planned a better trip and Marci was amazing. Everything was perfect (even the weather) and we couldn't have done it without you.

"If you ever need testimonials for brochures, pictures or anything from a client's perspective- let us know b/c we would be happy to help out in any way. I am going to tell everyone we know that if they are going to Alaska to book through you all b/c it was fantastic" --Julie D. Madsen Zarou, and family, New Jersey. Custom-designed private lodge tour guests.

"I LOVED my Alaska vacation with Get Up & Go! It was everything I was hoping for and more. Your guides were the best: informative, fun, and flexible to the needs/wants of the group. All the activities (sea kayaking, whitewater rafting, glacier trekking) were new experiences and fun.... The kayak day was awesome. It was 10 days of saying 'It just doesn't get better than this.' Thanks for a great tour. I also appreciated the perfect weather you ordered for us."

Please Allow Us to Introduce Ourselves...

CELEBRATING OUR 24th SEASON IN 2025! HELLO AND WELCOME! I'm Geoffrey Downes, founder and Owner/Operator of **Get Up & Go! Tours**. On behalf of all our guides and staff, I want to thank you for your interest in our company, and for taking the time to read through our **Alaska 2025 Online Brochure**. As an Alaska-based, and local, owner-operated company since 2002, we're especially proud of our commitment to the highest standards of quality, value, personal attention, and friendliness, and of our dedication to orchestrating an exciting, well-rounded, enjoyable, and safe Alaskan experience you'll always remember.

Since 1991 I have been professionally guiding people of more than 100 nationalities throughout North America, from southern Mexico to the Alaskan and Canadian Arctic, sharing with them my experience, knowledge, enthusiasm and strong respect for nature, the great outdoors and all things Alaskan. I enjoy it!

Inspired by restlessness and a sense of adventure I gave up my teaching career and decided to take up guiding full time, coming to Alaska on an assignment in 1994. I was awestruck. The experience changed my life, and I've been guiding and exploring here ever since, learning everything I can about the land and getting out as often as possible. With each passing year I have grown more enchanted by the uncanny wildness, beauty, and spirit of Alaska, and more enthusiastic about my experiences and life here. Alaska is a truly special place, a land rich with beauty, authenticity, adventure and its own larger-than-life mystique.

Following several years of guiding for other outfits, I founded **Get Up & Go! Tours** in 2002, determined to provide the complete **Active, Informative, Fun!** experience I knew people were actually looking for, and to do things right. Immediately successful beyond my wildest dreams, **Get Up & Go!** is now entering **our 24th season**, proud to have shared the wild Alaska we all love with more than 6,000 satisfied clients: active, adventurous and fun-loving people from the world over. A huge part of this success is due, of course, to our first-rate guiding staff, most of whom have been with us for several years. Ray, Nicole, Cheryl, Sophie, Suzie, Jeannie, Andy, Rebecca, Ashleigh, Clayton, and the rest of our great staff look forward to sharing their own private Alaska with you!

Thank you again for your interest in Get Up & Go! Tours. I invite you to come up and discover Alaska for yourself this summer on one of our **Active, Informative, Fun!** Multi-Sport, Hiking, Family, or Custom / Private tours. If you're anything like me, a renewed respect and appreciation for the natural world will more than likely result, along with a lot of fun and great memories, borne of inspiring personal outdoor experiences and discovery. --Geoff

"I just wanted to let you know how lucky you are to have so many amazing guides working for you... I had an amazing time. It was perfect. Your guides showed us their Alaska and it felt like it was so personal and they were letting us in to see a piece of them. The food was over the top great... They handled everything with such professionalism. It was such a wonderful time. I am so thankful to have met (guide) Marci and to have been able to see why she loves Alaska. I can't say enough about all the planning and stops along the way that made this such an unforgettable trip. I have been telling every one about it..."
